Chapter Events

The kinds of activities an ADEA Chapter can undertake are endless, depending on the creativity and interest of each group. Kickoff the process by polling your target audience to identify their interests.

In the case of ADEA Chapters, your target audience is students, residents and fellows like you.

Ask yourself what you would want to see from your chapter.

What's missing on campus that can be done easily? **What will benefit** the widest possible group of students, and what can supplement what you're learning in the classroom and clinic?

Plan programs well – Your chapter will have a much better experience if your programs are considered with careful planning and preparation. Use budget sheets, timelines, communication plans and other documents that cover every detail of your event.

Chapter Awards

- Highlight accomplishments of ADEA Chapters through the year
- Acknowledges and inspires other chapters to remain engaged with ADEA, COSRF, and the mission of ADEA.
- Announced at 2024 Annual Session & Exhibition (New Orleans, LA)

Applications are due December 1, 2023
